

Friesian Evaluation & Round Table Discussion

With Linear Score Specialist, Jan Engelsmá

July 17th & 18th · Clearview Horse Farm, Shelbyville, TN

Jan Engelsmá is a former FPS Board Member and former FPS judge with an expertise in linear scoring. He has judged many times in the United States and Canada during our inspection circuits & has been the featured speaker for our AGM on occasion. Jan speaks poetic English and strongly believes he can teach about the Friesian horse in an uplifting and positive way.

Sponsored by FHAME for the second year, this evaluation is not formally associated with the FPS. However, the topics will be consistent with the goals, direction & vision of our international registry. Jan will not be speaking directly or officially for the FPS, but will be drawing on his years of experience as an official judge to share & teach what he knows & has learned. He has an extensive knowledge of the bloodlines & may well have inspected the ancestors of your horse!

****This year's Round Table will differ from last year & topics will include****

Education about preserving the population of the Friesian horse as well as improving the breed, Explanation of the basics of an individual evaluation/inspection, stallion info & insight on the lines.

Jan will conduct a mock inspection with the horses presented each day for comparison – participants will have the opportunity to learn to inspect these horses & then compare their conclusions with Jan's evaluations.

Extensive time will be spend discussing - IBOP, Crown, Sport Predicate, Model, & Provisional Stallion titles – what they mean & what the FPS is looking for

*****Evaluation for horses in these categories available!*****
